WHAT WE DID:

For more than 10 years Zytronic has provided a range of vandal resistant PCT™ touch sensors and display protection screens to NCR's manufacturing facilities around the world. These are used in NCR's range of ATM and self-service financial terminals.

NCR Corporation (NYSE: NCR) is a global technology company leading how the world connects, interacts and transacts with business. NCR's assisted and self-service solutions and comprehensive support services address the needs of retail, financial, travel, hospitality, gaming, public sector, telecom carrier and equipment organizations in more than 100 countries. NCR is headquartered in Duluth, Georgia.

Zytronic continues to work closely with NCR to develop innovative and durable user interfaces for its future range of self-service products.
