Notes to Editors

Zytronic is the developer and manufacturer of a unique range of internationally award-winning and patented touch sensor products, operating from three modern factories totaling 80,000 ft² near Newcastle-upon-Tyne in the United Kingdom.

Zytronic touch products employ an embedded sensing solution and are readily configurable to enable multi-user and multi-touch touch sensing in ultra-large form factor sizes from five inches to 85", making them an ideal solution for system designers' specific requirements, offering significant durability, environmental stability and optical enhancement benefits to touch interactivity for industrial, self-service and public access equipment.
